

*The Sixteenth Annual Congress of the*  
**Egyptian Society for the Glaucomas (ESG)**  
**October 27&28, 2016**

*Fairmont Hotel, Heliopolis*  
**Cairo-Egypt**

**Scientific Program**

***Thursday, October 27, 2016***

| <b>Time</b> | <b>Event (main hall)</b>            | <b>Course (small hall)</b>                         |
|-------------|-------------------------------------|--|
| 09:00       | Symposium I – Diagnosis             | Optic disc in glaucoma                             |
| 10:00       |                                     | Gonioscopy   |
| 10:40       |                                     | Opening  |
| 10:45       | Guest lecture I (M Kamal ElMallah)  |  |
| 11:15       | Coffee Break                        |  |
| 11:45       | Guest lecture II (Albert S Khouri)  | Perimetry  |
| 12:15       | Symposium II - Management           | Evidence based diagnosis and follow up of glaucoma |
| 13:00       |                                     |  |
| 13:45       | Alcon (Moustafa Nassar)             |  |
| 14:15       | Coffee Break                        |  |
| 14:45       | Symposium III – Secondary Glaucomas | Medical treatment of glaucoma (Allergan)           |
| 15:15       |                                     |  |
| 16:15       | Guest lecture III (Keith Barton)    |  |
| 16:45       | Lunch & Closure                     |  |

***Friday, October 28, 2016***

| <b>Time</b> | <b>Event (main hall)</b>                         | <b>Course (small hall)</b>                        |
|-------------|--|---|
| 09:00       |  | Lasers in Glaucoma                                |
| 09:15       | Guest IV (Keith Barton)                          |   |
| 09:45       | Symposium IV - Trabeculectomy                    | Trabeculectomy; A-Z                               |
| 10:15       |  |   |
| 11:30       | Gomaa Prayer & Coffee Break                      |   |
| 13:00       | Allergan (Ahmed Hosam)                           | Glaucoma management; Interactive group discussion |
| 13:30       | Symposium V – Glaucoma Implants                  |   |
| 15:00       | Coffee Break                                     |   |
| 15:30       | Guest V (Ahmed Elkarmouty)                       |   |
| 16:00       | Symposium VI - Surgical innovations and problems |   |
| 17:00       | Lunch&Closure                                    |   |

## Instruction Courses

| Day   | Time        | Course   | Moderator                    | Contributors   |
|-------|-------------|--|------------------------------|--|
| Thurs | 09:00-10:00 | Optic disc changes in glaucoma                       | Ali Khalifa                  | <i>Ahmed Abouleinein<br/>Ayman El-Shiaty</i>                                 |
|       | 10:00-11:15 | Gonioscopy   | Adel Abdelshafik             | <i>Hani el Ebiari<br/>Amr Saleh</i>  |
|       | 11:45-13:00 | Perimetry  | Moustafa Nassar              | <i>Farid wagdi<br/>Mohamed Sami</i>  |
|       | 13:00-14:15 | Evidence based diagnosis and follow up of glaucoma   | Zeinab ElSanabary            | <i>Karim Adly<br/>Riham Samy</i>   |
|       | 15:15-16:15 | Medical treatment of glaucoma                        | Ahmed Abouleinein            | <i>Hassan Eisa<br/>Mohamed Farouk</i>  |
| Fri   | 09:00-10:15 | Lasers in Glaucoma                                   | Ahmed Mostafa<br>Abdelrahman | <i>Rasha El Tanamly<br/>Mohamed Sabry</i>                                    |
|       | 10:15-11:30 | Trabeculectomy from A-Z                              | Mohamed A Mahdy              | <i>Ah Mostafa<br/>Abdelrahman<br/><br/>Ahmad Salah<br/><br/>Moh ElMallah</i> |
|       | 13:00-15:00 | Glaucoma management;<br>Interactive group discussion | Adel Abdelshafik             | <i>Ahmed Abouleinein<br/>Ayman El-Shiaty</i>                                 |

## Guest Lectures

| Day   | Time  | Speaker                 | Affiliation                                  | Lecture   |
|-------|-------|-------------------------|--|---|
| Thurs | 10:45 | Mohammed Kamal ElMallah | Ocala Eye, PA<br>Ocala, Florida, USA         | Minimally Invasive Glaucoma Surgery: Current Experience and Future Trends.        |
|       | 11:45 | Albert S Khouri         | New Jersey Medical School<br>Newark, NJ, USA | Outcomes and safety of subconjunctival Mitomycin C injection with Trabeculectomy. |
|       | 13:45 | <i>Alcon</i>            | Mostafa Nassar                               | CSF pressure as a risk factor for glaucoma  |
|       | 16:15 | Keith Barton            | Moorfields Eye Hospital<br>London, UK        | Aqueous Shunts: Challenging Cases   |
| Fri   | 09:15 | <i>Keith Barton</i>     | Moorfields Eye Hospital<br>London, UK        | New innovations in glaucoma surgery.  |
|       | 13:00 | <i>Allergan</i>         | Ahmed Hosam                                  | Glaucoma progression; how to detect and treat.                                    |
|       | 15:30 | <i>Ahmed Elkarmouty</i> | Moorfields Eye Hospital<br>London, UK        | My one year experience of XEN implants.   |

## Symposia

### *I. Diagnosis of Glaucoma*

**Thursday, 09:00 -10:45**

***Chairpersons: Taha Labib, Mohamed Saad, Saad Rashad***

|       |   |                                |
|-------|---|--------------------------------|
| 09:00 | Water drinking test.                                | <b><i>Adel Abdelshafik</i></b> |
| 09:15 | The role of trabecular meshwork in IOP control.     | <b><i>Taha Labib</i></b>       |
| 09:30 | Optic disc in Glaucoma.                             | <b><i>Mohamed Saad</i></b>     |
| 09:45 | New OCT algorithm for early detection of glaucoma.  | <b><i>Hend Safwat</i></b>      |
| 10:00 | CSF pressure in glaucoma, the new kid in the block. | <b><i>Rasha Mounir</i></b>     |
| 10:15 | Pitfalls in perimetry.                              | <b><i>Mohamed Saad</i></b>     |
| 10:30 | <b>Discussion and Opening</b>                       |                                |

### *II. Management of Glaucoma*

**Thursday, 12:15 -13:45**

***Chairperson: Albert Khouri, Tharwat Mokbel, Aamal Abdelwehab***

|       |  |                                |
|-------|--|--------------------------------|
| 12:15 | Telemedicine for Glaucoma.                   | <b><i>Albert Khouri</i></b>    |
| 12:30 | Glaucoma in Egypt. Magnitude of the problem. | <b><i>Tarek Eid</i></b>        |
| 12:45 | Advices to glaucoma patients.                | <b><i>Tarek Elbromboly</i></b> |
| 13:00 | Advanced Glaucoma: What's Next?              | <b><i>Tharwat Mokbel</i></b>   |
| 13:15 | <b>Discussion</b>                            |                                |

### *III. Secondary Glaucomas*

**Thursday, 14:45 -16:15**

***Chairpersons: M Kamal ElMallah, Ali Khalifa, Mostafa Bahgat***

|       |  |   |
|-------|--|---|
| 14:45 | Neovascular glaucoma; management guidelines.   | <b><i>Ahmed Abouleinein</i></b>           |
| 15:00 | Challenges in the management of Uveitic Glaucoma.  | <b><i>Albert Khouri</i></b>               |
| 15:15 | Uveitic glaucoma; in between the lines.  | <b><i>Eiman Abd El Latif Dessouki</i></b> |
| 15:30 | Idiopathic elevated episcleral venous pressure with secondary open angle glaucoma ( case presentation ). | <b><i>Tarek Ragaiey</i></b>               |
| 15:45 | Topiramate-induced bilateral secondary angle closure and myopia shift.                                   | <b><i>Sayed Mostafa Subra</i></b>         |
| 15:55 | Intraocular Lens Malposition and Glaucoma: Case Review and Recommendations.                              | <b><i>M Kamal ElMallah</i></b>            |
| 16:05 | <b>Discussion</b>  |   |

#### IV. Trabeculectomy

**Friday, 09:45 – 11:30**

**Chairpersons: Keith Barton, Adel Abdelrazek, Fathy EISayyad.**

|       |  |                           |
|-------|--|---------------------------|
| 9:45  | Deconstructing Trabeculectomy.   | <i>Keith Barton</i>       |
| 10:05 | Trabeculectomy with controllable and releasable suture in management of advanced glaucoma cases. | <i>Mohamed A El Mahdy</i> |
| 10:20 | Punch versus routine trabeculectomy.   | <i>Khaled Hamdy</i>       |
| 10:30 | Bleb leaks management after Trabeculectomy.  | <i>Yasser Aly Hamed</i>   |
| 10:45 | The outcome of ab-interno revision in high risk failing trabeculectomy bleb.                     | <i>Abdelhamid Elhofi</i>  |
| 11:00 | What lies beneath revising blebs.  | <i>Yasmine El Sayed</i>   |
| 11:15 | <b>Discussion</b>  |                           |

#### V. Glaucoma Implants

**Friday, 13:30 -15:00**

**Chairpersons: Tarek Aboulnasr, Laila Hamouda, Tarek ElEmary**

|       |  |                            |
|-------|--|----------------------------|
| 13:30 | Trabeculectomy with combined use of subconjunctival bevacizumab and collagen matrix implant.           | <i>Tarek Aboulnasr</i>     |
| 13:45 | Trabeculectomy with Ologen implant in secondary glaucoma following failed trabeculectomy with MMC.     | <i>Heba Magdy</i>          |
| 14:00 | Suprachoroidal implants.   | <i>Saeed Shalaby</i>       |
| 14:15 | A new nonabsorbable uveoscleral implant (Esnoper-clip) with non penetrating deep sclerectomy.          | <i>Yasser Aly Hamed</i>    |
| 14:25 | Comparative study between Collagen Implant and Mitomycin C in cases undergoing Trabeculectomy surgery. | <i>Zeiad Hassan Eldaly</i> |
| 14:35 | Express Shunt in refractory glaucomas (Video).   | <i>Mohamed Elmalah</i>     |
| 14:45 | <b>Discussion</b>  |                            |

#### VI. Surgical innovations and problems

**Friday, 16:00 -17:00**

**Chairpersons: Moustafa Nassar, Ah Mostafa Abdelrahman, Hassan Eisa**

|       |   |                               |
|-------|---|-------------------------------|
| 16:00 | Sutureless deep sclerectomy; a preliminary report.                              | <i>Ah Mostafa Abdelrahman</i> |
| 16:15 | The cataract of congenital glaucoma.  | <i>Ahmad Khalil</i>           |
| 16:30 | Combined deep sclerectomy and trabeculotomy in infantile glaucoma.              | <i>Abdelhamid Elhofi</i>      |
| 16:45 | Evaluation of a new modified multifunctional eye speculum for glaucoma surgery. | <i>Dikran Hovaghimian</i>     |
| 16:55 | <b>Discussion</b>   |                               |

Speakers are kindly requested to disclose any financial interest in the first screen of their presentation.
